FOR IMMEDIATE RELEASE

GENERAL ELECTRIC HEALTHCARE JOINS PACSHEALTH'S TRUSTED VENDOR PROGRAM

SCOTTSDALE, AZ, February 20, 2007 -- PACSHealth, LLC, the developer of PACSHealth™, an innovative application that uses advanced monitoring and reporting tools to improve Picture Archiving and Communication System (PACS) workflow and throughput, announced today that General Electric Healthcare has joined its Trusted Vendor program.

Under the agreement, GE Healthcare will act as a reference point to current and potential customers of PACSHealth. Additionally, the parties will work together to further develop the PACSHealth™ application for the GE Healthcare products. PACSHealth will provide its customers with sales, installation and service support for the PACSHealth™ application

PACSHealth, LLC develops software such as its PACSHealth™ application that helps improve workflow and throughput in complex industrial systems. Its Web address is www.pacshealth.com.

GE Healthcare provides transformational medical technologies and services that are shaping a new age of patient care. Our expertise in medical imaging and information technologies, medical diagnostics, patient monitoring systems, performance improvement, drug discovery, and biopharmaceutical manufacturing technologies is helping clinicians around the world re-imagine new ways to predict, diagnose, inform, treat and monitor disease, so patients can live their lives to the fullest.

GE Healthcare's broad range of products and services enable healthcare providers to better diagnose and treat cancer, heart disease, neurological diseases and other conditions earlier. Our vision for the future is to enable a new "early health" model of care focused on earlier diagnosis, pre-symptomatic disease detection and disease prevention. Headquartered in the United Kingdom, GE Healthcare is a \$17 billion unit of General Electric Company (NYSE: GE). Worldwide, GE Healthcare employs more than 46,000 people committed to serving healthcare professionals and their patients in more than 100 countries.
