### PACSHEALTH INSTALLS SYSTEM AT HCA INTERNATIONAL

SCOTTSDALE, AZ, July 23rd 2007 -- PACSHealth, LLC, the developer of PACSHealth™, an innovative application that uses advanced monitoring and reporting tools to improve Picture Archiving and Communication System (PACS) workflow and throughput, announced today that it has completed an installation of its PACSHealth™ system at 11 HCA International United Kingdom hospital sites.

HCA International will integrate PACSHealth™ with its General Electric Healthcare Centricity® 2.1 PACS to provide real-time critical system event monitoring, historical performance trending and interactive audit log capabilities. The hospitals will use this dashboard of information to improve patient outcomes by analyzing its PACS data and intercepting patient or study mismatch errors, system anomalies and data inconsistencies.

HCA International is a division of HCA which owns and operates approximately 200 hospitals and approximately 104 freestanding surgery centers in 21 states, England and Switzerland. Its Web address is www.hcainternational.com

PACSHealth, LLC is a developer of software systems for medical imaging technology. Its Web address is www.pacshealth.com.
